- Managing disruptive learner behaviours
- Using equipment effectively
- Common and advanced web-conferencing features that make online training more engaging

Adaora Ayoade, IFC Master Trainer

Excellent delivery

Adaora was amazing, her wealth of knowledge, practical insights, and unwavering support made this experience incredibly valuable and impactful. It's not just about what she taught, but how it sparked our curiosity to learn more and delve deeper. This program, with its meticulously designed curriculum and practical approach to both online and in-person learning, has truly enhanced my skill set and broadened my horizons. I highly recommend it to anyone seeking to develop a robust understanding of modern teaching methods and create more engaging and effective learning experiences.

- **Sanet**, May 2023

Very Insightful Experience

Every session had very important learning outcomes and significant insights that reinforced my understanding of the course. I also liked the delivery of the course by Coach Adaora. The pace and engagement were great.

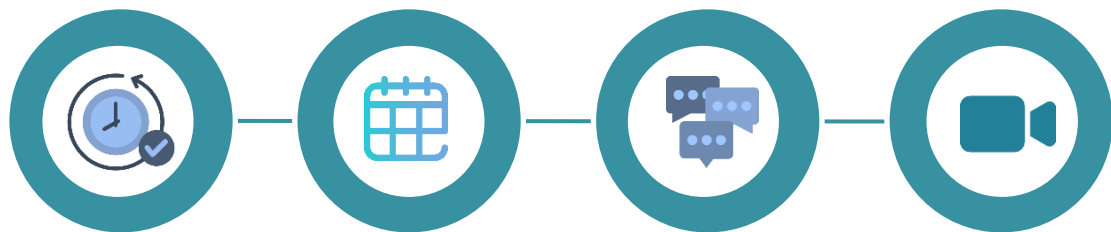

- **Kolawole**,
August 2023

Adaora has a way of validating learners regardless of their level of experience which encourages them to participate more actively. A lot of new insights and learning as a result of her wide experiences which she shares. She is a delight to learn from.

- **Ajuma**, November 2023

Programme Delivery

There are comprises eight modules over five weeks, totaling 16 instructional hours. During the breaks between sessions, participants will be assigned self-study tasks and group exercises. Additionally, participants must submit videos showcasing their facilitation skills by delivering a 5-minute and a 15-minute training segment using the techniques learned in the course.

Complete 2 self-study online courses before the first session

Attend 8 modules over two weeks

Participate in group exercises

Submit & review videos demonstrating facilitation techniques
